Computer skills

- Python
- Java
- Django
- Spring
- MySQL
- PostgreSQL
- MongoDB
- Oracle Database
- Tableau
- Git
- Html
- CSS
- JavaScript
- Matlab
- Octave
- Microsoft Office
- LaTeX
- Photoshop

Honors

- Offered changing major from Mathematics to Computer Science as an outstanding talent student

Personal Skills

- Analytical Thinker
- Dedicated
- Quick Learner
- Team Player
- Energetic
- Creative

Languages

- Persian (Native)
- English
  TOEFL: 101
  GRE: 304

Education

- **COMPUTER SCIENCE, B.Sc.** (2016-2021)
  Amirkabir University of Technology
  (GPA : 16.27 / 20)

  Relevant Courses: Artificial Intelligence, Neural Network, Data Mining, Database, Principles of Software Design, Compiler, Design & Analysis of Algorithms, Data Structures & Algorithms, Computer Simulation, Computer Networks, Graph Theory, Theory of Computation, Advanced Programming, Introduction to Computer & Programming
  Thesis title: **Identifying COVID-19 related fake news in social media**

- **MATHEMATIC AND PHYSICS, Diploma.** (2013-2016)
  Aburaihan high school
  (GPA : 17 / 20)

Publications

- Dadgar, S., & Ghatee, M. (2021). **Checkovid: A COVID-19 Misinformation Detection System on Twitter Using Network and Content Mining Perspective**. (Submitted to Online social network and media Journal).
- **Dadgar, S**. (2022). **A Hybrid Model for Summarizing Image-Based Text.** (Working paper).

Work Experiences & Teaching Experiences

- **Teacher Assistant of "Artificial Intelligence" Course** (Spring - 2021)
  (Dr. Mehdi Ghatee)
- **Software Development Internship** (Summer - 2019)
  @Rahnema College
  Three months learning and developing an application using some technologies, such as Spring framework and React Native, etc.
- **Head of Informatic and Contests of Students' Scientific Association** (2018-2019)
  @Department of Mathematics and Computer Science
  Amirkabir University of Technology

Projects

- **Cando - Mobile Application for Auction** (Summer - 2019)
  (Project of the Rahnema College internship) - GitHub
- **Call of Typing – Website for Typing Competition** (Spring -2020)
  (Project of Principle of Software Design Course) - GitHub
- **MFCC Speech Recognition** (Spring -2020)
  (Project of Neural Network Course) - GitHub
- **Data Analyzing of Digikala's Dataset** (Spring -2019)
  (Project of Database Course) - GitHub
- **Desktop Education Portal** (Fall -2017)
  (Project of Advanced Programming Course) - GitHub

Certifications

- Machine Learning - Stanford University Online Course @Coursera (2019)
- Machine Learning A-Z™: Hands-On Python in Data Science @Udemy (2020)
- Deep Learning A-Z™: Hands-On Artificial Neural Networks @Udemy (2020)
- Java J2EE Developer @LAITEC – Sharif University of Technology (2018)
- JavaSE Developer @LAITEC – Sharif University of Technology (2017)
